Sun 26 Feb 2012	Day Training	All members encouraged to attend from 12:00hrs

- There are a number of Log Pile Burns to do in February weather dependant which will be communicated via SharePoint. All members need to visit and use the Brigade SharePoint Site, preferably at least weekly. If anyone does not know how to access the system; please talk to Matt M or Amy H and we can organise some simple training.
- The new Brigade Standard Operational Procedures (SOP's) have also been released. Please ask for a copy and read them. If you have an old copy, bring it in and exchange it. We will be referring to the SOP's through-out the training program this year to reinforce the practical aspects of the document.

Regards

George Ganzenmuller
